Policy Document on Environment and Energy Usage

The Environment and Energy usage Policy of Tuli College of Hotel Management, Nagpur is to manage energy in such a systematic way so as to minimize its impact on the environment. The policy implies to find out substitute natural resources as solutions to the energy crisis.

This environment and energy policy is binding for all the components of the institution and applies. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. The college devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programmes to save energy and to protect the environment.

Policies:

- To assess our energy usage and measure its impact on the environment.
- To reduce CO2 emissions generated by our means of transportations- vehicles.
- To reduce local air pollution emissions using environment, plantation in campus, use of pedestrian-friendly roads.
- To install solar panels for the generation of alternate energy.
- To install LED bulbs in the complete campus to save energy.
- To develop systematic waste management mechanism.
- To develop rain water harvesting unit in campus
- To undertake tree plantation drive.
- To take additional best practice to continuously improve our energy consumption.
